Education

Dronacharya Group of Institutions (Affiliated to AKTU, Lucknow)

B.Tech in Computer Science and Engineering

2027

7 CGPA

Class XII Manav Rachna International School, Haryana (CBSE)

67.16% **2023**

Class X Manav Rachna International School, Haryana (CBSE)

82.33% **2021**

Skills

Languages: Java, C++, Python, OOPs

Platforms / Frameworks: Full Stack Vibe Coding, Flutter, Node.js

Databases: MySQL, Firebase, Elasticsearch

ML / APIs: Machine Learning, Computer Vision, Flask APIs, ANN, CNN, NLP, TensorFlow

Deploy / Version Control: GitHub, Vercel, Git, Antigravity

Operating System: Windows, Linux

Hackathons

- Finalist at the NASA International Space Apps. Hackathon, competing as a part of the top-performing team.
- Chosen for the 2nd Edition of the Innovation Design and Entrepreneurship Bootcamp (Phase 2).
- Reached the finals of CodeSlayer '25 Hackathon hosted at NIT Delhi.
- Shortlisted among the top 200 teams in Paranox 2.0 Hackathon.
- Advanced to the final round of Synergix Hackathon '25 organized by BuilderBase at VIPS.
- Finalist in the Makeathon 8 '26 Hackathon organized by Thapar Institute of Engineering and Technology.
- Recognized as a participant in the Hackathon – Hacksagon '26 organized by ABV-IIITM Gwalior.

Projects

HelloWorld – Gamified Learning Platform

2025

- It's an integrated coding education platform that makes learning programming easy, interactive, and practical.
- It combines interactive lessons, hands-on projects, flowchart visualizations, mentorship/ tutoring, gamified quizzes/tests, leaderboards, and proctoring for exam security—all in one place.
- Collaborated in a team to execute end to end software development for this platform using Vibe Coding with deployment on Vercel and version control via GitHub.

Parda Faash

2025

- **A News Detecting Program** which predicts whether the news that is being rumored is Fake or Real News.
- Use of Natural Language Processing (NLP) using the Sentence Transformer Model (all-MiniLM-L6-v2), and the news is stored in the form of CSV file.
- Develop the project using Python, demonstrating analytical problem solving by refining the NLP model to improve classification accuracy.

Extracurricular

Research Paper

June 2024

Digital Transformation for a Resilient Pharmaceutical Supply Chain: A Multi Criteria Approach to Prioritizing Barriers.

Presented at 2nd International Conference on Optimisation Techniques and Engineering Technology

Navigating the Intersection of Technology, Sustainability, and Ethics in Engineering Education.

Presented at ICMDISR

June 2024

Certifications

- Cyber Security Analyst Job Simulation Certificate by TATA on Forage platform.
- Data Analysis Job Simulation Certificate by Deloitte on Forage platform.
- Technology Job Simulation Certificate by Deloitte on Forage platform.
- Risk Job Simulation Certificate by Goldman Sachs on Forage platform.
- Software Engineering Certificate by JPMorgan Chase and Co. on Forage platform.
- Test Automation with Nightwatch.js Certificate by BrowserStack – Software Testing.
- Artificial Intelligence and Machine Learning Certificate by Kodacy.
- Machine Learning with Python Certificate by Coursera – IBM.
- Explore Engineering Job Simulation Certificate by GE Aerospace on Forage platform.
